ALLOWANCE

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest a film preparation apparatus having a casting drum, pump means and an extrusion device wherein the solid material for film-forming is melted by a melt-on-demand means. The closest prior art include Herridge et al (5,660,922) and Doesburg et al (5,520,958), however neither reference teaches the claimed invention because they lack means for melting solid material on demand. Further, Majkrzak (4,919,308) and Davies (3,010,147) teach a melt-on-demand device for solid material, but it would not have been obvious to have combined these devices with the film forming devices of Herridge et al and Doesburg et al.

The objections to claims 2-5 have been withdrawn. The limitations of claims 2-5 limit the melting and preparation device to ones in which the claimed components or materials can be shaped or melted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 3/12/04 is being considered by the examiner. However, as shown, the Examiner has crossed out each

Art Unit: 1722

of the references listed on the IDS of 3/12/04 because each of these references was previously cited by the Examiner on a Notice of References Cited on 4/25/03.

Oath/Declaration

3. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because: It does not identify the city and either state or foreign country of residence of each inventor. The residence information may be provided on either an application data sheet or supplemental oath or declaration.

The Applicant stated in the remarks of 10/23/03 that a substitute oath/declaration is being prepared. However, the completed and executed oath/declaration has not yet been received by the Office.
